In the morning session the nations from Austria to Moldova shoot (all archers)

In the afternoon the nations from Netherlands to Ukraine shoot (all archers). This is due to the transport from the hotels.

Be prepared that the archers shooting the afternoon session will be transported directly to the Opening ceremony, so it is recommended that the archers wear their team uniform. The equipments will be left guarded at the field. After the short Opening Ceremony all archers and officials will march back to a Meet & Greet party at the field before being transported back to the hotels. Dinner will be “Noodle Party”, no drinks included. See the attached plan for the opening ceremony and back to the Meet and Greet party.

Qualification Round Practice (45minutes before the Competition) on the Field of Play.

### **3.4. Equipment Inspection.**

Equipment inspection will be run following the program the day of the official practice. Each team will be called (following alphabetical order) and invited by the DoS to a place that will be clearly indicated in the competition field. All team members should wear their team uniform . Also all spare equipment must be brought to the equipment inspection.

The checking of passports will be already at the accreditation, so please bring the passports.

The Back Number will be given at the Accreditation to the Team captains

When receiving the registration numbers, we would like each Team Captain to double check that each archer has the correct registration number and the right spelling of the athletes' name.

Registration numbers must be worn on the archers' quiver or thigh facing the waiting line. During the equipment inspection a demonstration on the usage of the scoring Terminals will be carried out. We are kindly asking all the archers and coaches to follow the OC volunteers and Judges Instructions in order to proceed with no delays and as organised as possible.

## **The Environment!**

We kindly request you to instruct your athletes to use the litter bins which are placed in the waiting area.

### **Water:**

To help with environmental issues we would like to enforce the water bottle deposit system. With your accreditation you receive 10 waterchips and a Masterchip. For each token you get 1 liter of water out from the water booth.

You will only receive a new token by returning one empty bottle. If your athletes loose the empty bottle, please contact the OC.

Please refer to the attached water-scheme.

It is as simple as: 1 token and the Masterchip to be delivered in the morning = 1 full bottle of water at the boot.

Return of one empty bottle = 1 new bottle

In the afternoon: One empty bottle = return of the Masterchip

If 10 liter of water is not sufficient, all archers and official will receive as much waters as needed.

Abiding by this simple rule, you actively help to run the competition smoothly and in addition help to avoid useless waste.

This is a non smoking event for the practice and official competition areas.

Inside public buildings you are now no longer allowed to smoke, you must use the designated areas outside.

(Questions & Answers published in the FITA website)

### What is the format of the Elimination Rounds for Individuals?

#### Individuals:

In Winnenden, competitors will use the Set System:

- They shoot sets (previously ends) for a maximum of three (3) sets of six (6) arrows at a regular target from the 1/32 round to the quarterfinals.
- Once the athletes reach the quarterfinals, they will shoot a maximum of five (5) sets of three (3) arrows.
- Moreover, in the medal matches, the athletes alternate shooting one arrow at a time with a 20-second time limit between arrows.
- The target is set to the distance of 70M for Juniors and 60M for Cadets.

### What is the Set System?

Here are the principles of the Set System for the matches until the quarterfinals:

- All matches leading into the quarterfinals consist of a maximum of 3 sets of 6 arrows per set.
- The winner of each set, the athlete who gets the highest cumulative score with his six arrows, gets two (2) set points.
- If the set is tied each athlete gets 1 set point.
- The winner of the match is determined by the number of set points won, not the value of the arrows.
- The match winner is the first to reach 4 set points.
- The match will finish once the 4 set points is reached within the 3 sets.
- If the match is tied; a one-arrow (only!) shoot-off will be used to break the tie. The archer whose arrow is closest to the centre (if needed it will be measured) will get 1 extra point and wins.
- The athletes shoot simultaneously their arrows and have four (4) minutes to shoot 6 arrows.

So let's see some examples of World Cup matches (for 1/32, 1/16 and 1/8):

#### Match Z:

First set:

Athlete A shoots: 10, 10, 9, 10, 7, 10 = 56

Athlete B shoots: 10, 9, 9, 9, 7, 9 = 53 Athlete A leads 2 set points to 0.

Second set:

Athlete A shoots: 10, 10, 10, 10, 7, 10 = 57

Athlete B shoots: 10, 9, 8, 8, 7, 9 = 51

Athlete A leads 4-0 and wins! The match is over, because archer B cannot

catch up with the score.

On the match chart results, the score will be shown as:

**Athlete A : 4 (56, 57)**

Athlete B : 0 (53, 51)

**Match Y:**

First set:

Athlete C shoots: 10, 10, 9, 10, 7, 10 = 56

Athlete D shoots: 10, 9, 9, 9, 9, 10 = 56

The score is tied at 1-1

Second set:

Athlete C shoots: 10, 10, 10, 10, 7, 10 = 57

Athlete D shoots: 10, 9, 8, 8, 7, 9 = 51

Athlete C leads 3-1.

Third set:

Athlete C shoots: 10, 10, 8, 8, 8, 10 = 54 points

Athlete D shoots: 10, 10, 10, 10, 7, 8 = 55 points

Athlete D tied the match at 3-3. A one-arrow shoot-off is required to break the tie (and give 1 extra set point).

Shoot-off: Athlete C shoots : 10 Athlete D shoots : 10\*

Let's assume that the arrow of the athlete D is the closest to centre and wins!

On the match chart results, the score will be shown as:

Athlete C : 3 (56, 57, 54; T10)

**Athlete D : 4 (56, 51, 55; T10\*)**

\*Closest to centre

- For quarterfinals through medal matches, the principles are:
  - The match changes to a maximum 5 sets of 3 arrows per set.
  - The match winner this time is the first to achieve 6 points.
  - If the match is tied, a one-arrow shoot-off will be used to break the tie. In the tie-break, the archer whose arrow is closest to the centre (if needed it will be measured) will get 1 extra point and wins.
  - For quarterfinals and semifinals, the athletes shoot simultaneously their arrows and have 2 minutes to shoot 3 arrows.
  - For medal matches, the athletes will shoot alternately each arrow and will have 20 seconds per arrow. In alternate shooting, the athletes trailing in the score shoot first.

So let's see some other examples of matches (for 1/4, 1/2, bronze medal, gold medal)

**Match X:**

First set:

Athlete A shoots: 10, 10, 9 = 29

Athlete B shoots: 10, 9, 9 = 28

Athlete A leads 2 set points to 0.

Second set:

Athlete A shoots: 10, 10, 10 = 30

Athlete B shoots: 10, 9, 8 = 27

Athlete A leads 4-0.

Third set:

Athlete A shoots: 10, 9, 9 = 28

Athlete B shoots: 10, 9, 8 = 27

Athlete A leads 6-0 and wins! The match is over, because archer B cannot catch up with the score.

### Match W:

First set:

Athlete C shoots: 10, 10, 9 = 29

Athlete D shoots: 10, 9, 10 = 29

The score is tied at 1-1

Second set:

Athlete C shoots: 10, 10, 10 = 30

Athlete D shoots: 10, 5, 7 = 22

Athlete C leads 3-1.

Third set:

Athlete C shoots: 10, 10, 8, = 28

Athlete D shoots: 10, 10, 10 = 30

Athlete D ties the match at 3-3.

Fourth set:

Athlete C shoots: 10, 9, 8, = 27

Athlete D shoots: 10, 10, 10 = 30

Athlete D takes the lead 5-3!

Fifth set:

Athlete C shoots: 10, 10, 9, = 29

Athlete D shoots: 10, 10, 8 = 28

Athlete C earns the two points and ties the match at 5-5! One arrow shoot-off is required to break the tie (to earn the extra set point).

Shoot-off:

Athlete C shoots: 10

Athlete D shoots: 9

Athlete C wins!

On the match chart results, the score will be shown as:

**Athlete A : 6 (29, 30, 28)**

Athlete B : 0 (28, 27, 27)

**Athlete C : 5 (29, 30, 28, 27, 29; T10)**

Athlete D : 6 (29, 22, 30, 30, 28; T9)

## What about the (regular) Team and Mixed Team Round?

### Team:

In the regular team and mixed team round (that will be shot in Winnenden), the matches go as follows:

- Each team shoots a total of 4 ends of 6 arrows, with the three team members shooting 2 arrows each per end.
- Each team will have 2 minutes to complete each end.
- The total of all 24 arrows will be added to determine a total score (max score 240).

#### **Mixed Team:**

- The competition has the same principles as for teams, however there are only two athletes competing – one woman and one man per country.
- They shoot a total of 4 ends, with each team member shooting 2 arrows per end for a total of 16 arrows (max score 160).
- Each team has 80 seconds to shoot.
- Same principle also applies as for team for alternating and order of shooting.

To note, the mixed teams are ranked based on the results from the top ranked man and the top ranked woman from the same Member Association. However, the Member Association can choose the man and the woman (among the whole team) who will shoot the matches.

#### **In case of ties:**

- Each archer from each team will shoot one arrow.
- The total for that end (3 arrows for team and 2 arrows for mixed team) will be calculated and the winner is the team with the highest point score.
  
- In the event of another tie, a second end will be shot.
- In the event of a third tie, the team with the closest arrow to the centre will win the match.

#### **- 4.3.6. Dress Instructions**

Athletes, officials and staff should have a proper appearance, when they are present on the field. Athletes and Technicians should wear no other kind of foot wear, other than sport shoes.

#### **- 4.3.7. Correct height of scope**

As in 2009 season, FITA and EMAU are again reinforcing this season the rule of the scopes height. The final goal is to prevent images (TV & photos) of the “scope” covering the archer face.

The height is determined by the highest point of the scope not the height of the lens. The maximum is the lowest part of the armpit. The reason we are asking is not to block the view of cameras of the archer's face. If we continue to have issues, we will instruct the judges to remove the scopes until the end of the match.
